THE
FAMOUS SPECIFIC

ORANGE BLOSSOM

A POSITIVE CURE FOR

ALL FEMALE DISEASES.

EVERY LADY CAN TREAT HERSELF.

PREPARED BY

J. A. MCGILL, M. D., & CO.,

4 Panorama Place,

CHICAGO, ILL.

Entered according to act of Congress in the year 1885, by DR. J. A. MCGILL,
in the office of the Librarian of Congress, at Washington, D. C.
INFRINGERS PROSECUTED.

SOME OF THE SYMPTOMS OF FEMALE WEAKNESS.

A TIRED, languid feeling, low spirited and despondent, with no apparent cause. Moth and yellow spots on the face—often called “liver spots.” Dark rings around the eyes. Melancholly, with no ambition or desire to live, and with difficulty keeping the tears back. Headache, pains in the back, pains across the lower part of abdomen, bearing-down pains, with an inward feeling of pressing down and out. Leucorrhœa, Frequent urinations. Bladder difficulty, caused by pressure of womb against bladder. Constipation of bowels, caused by pressure of womb against the rectum, often producing piles. Great soreness across lower part of bowels and in region of ovaries, so that a slight pressure with the hand produces pain, and if allowed to go on in this condition the ovaries become involved by a sympathetic action, resulting in ovarian tumors, and with all these symptoms a terrible nervous feeling is experienced by the patient. Now follows congestion of womb, inflammation of womb, ulceration of womb, cancerous affection of womb, falling of womb forward, backward and downward, produced by an undue amount of serum or watery substance in the organ, and this watery substance is a dropsical effusion causing it to become so engorged and heavy that the ligaments supporting it are no longer able to hold it in place. Now the womb in its present inflamed condition can not throw off this serum or watery substance, but retains it, adding to the size and weight.

The Orange Blossom Treatment

Removes this by a thorough process of absorption, that is, by drawing this watery substance away, and with every application the patient will readily discover this watery discharge, which is the immediate action of the treatment upon the womb. Every application of the **Orange Blossom** reduces the size of the organ and in time allows the womb to regain its natural condition and position.  A part of this serum is congealed by the **Orange Blossom**, and at the expiration of the second or third day passes away in the form of a membrane, like tissue paper or the lining of a chicken's gizzard.

 Please Read the Entire Circular Carefully. 

A Plain Talk to the Ladies.

To those who may not know their physical structure, and to enable you to understand the reason for your sufferings, also the action and use of the **Orange Blossom**, I write the following:

The womb is in size and shape, when in its natural condition, like a pear, with the neck down, and the opening or mouth of the womb just where the stem of the pear is found. It is suspended or held in place by cords or ligaments, from the small of the back and in front. Insert your finger in the vagina or forward passage, and when in a healthy condition you can just reach the mouth of the womb with the end of the finger; but do not expect to find yourself in this condition, as there is not one sound woman in five hundred. In the majority of cases you will find the womb from one to one and a half inches within, and in many cases, but for a supporter worn by the patient, the womb would come out into the world. This is all wrong, and it is no wonder you suffer with the back-ache, headache, and so many other aches and pains, that at times you care little whether you live or die. Now let me explain to you the cause of this trouble, and in order to make it plain to you, I will illustrate it in this way: When your finger is inflamed and sore, we will say with a felon or from some other cause, isn't it larger than when in its natural condition, and in weight double its natural size? Most certainly. Very well, the womb becomes inflamed and enlarged in a similar manner, and this inflammation goes on to congestion, the walls of the womb thicken and grow heavy with congested blood or serum until the womb becomes so large that these cords that hold it in place are no longer able to keep it there, and it must necessarily drag down of its own weight, pulling on the cords from the spine, causing the pain in the small of the back, and the soreness across lower part of bowels. The womb being so enlarged and down out of place, crowds against the rectum or back passage, causing constipation, and the straining necessary to have a passage of the bowels produces piles. In ninety-nine cases out of a hundred, this is the sole cause of constipation, and when you attribute it to an inactive liver, or say you are not troubled with any female difficulty, you either do not understand your true

condition or wish to deceive yourself. If you allow this to go on it will make you a great sufferer, and an operation will have to be performed. The womb lying in this position also presses against the spinal nerve, which leads to the head-center of the whole nervous system, and these little nerves running to the brain, cry out in the form of headache, despondency and often, if neglected, insanity. Ladies, do not think you are doing a wise thing to delay treatment, when cancer, tumor, and insanity so prevail among our women.

Again, when the womb is so enlarged and down, it also presses against the bladder, causing frequent urination with a burning, scalding sensation; in fact the whole system sympathizes with the disorder, and this is the seat of all, or nearly all of the suffering of women. Now the **Orange Blossom** treatment will remove all of this if you will only give it a trial. ~~It~~ Its action is by the process of absorption, mildly drawing from the womb this serum or watery substance deposited by the congested blood, and this serum passing out through the pores of the womb is congested or thickened by the **Orange Blossom**, and comes away on the third day in the form of a membrane or white substance like paper or the lining of a chicken's gizzard, thus relieving the inflammation and also reducing the size. Every application of **Orange Blossom** reduces the inflammation and also the size of the womb, and in a short time, as it grows less weighty, it will go back into its natural position, and you will exclaim, as hundreds of other ladies have: "O, I feel like a different woman."

It requires three days after the **Orange Blossom** has been applied for it to do its work, and the parts must not be touched during that time, but the patient can go about her usual work. On the evening of the third day take an injection of warm soap suds, then do not use any **Orange Blossom** for two days, as the parts need rest. After the two days of rest, use the treatment again as above described. This makes the application of **Orange Blossom** once in five days, except at the monthly period, then wait just four days. **At the expiration of the fourth day apply the treatment again, flow or no flow.**

This is also a positive cure for ovarian tumors in their early stages. The ovaries take on this disease from the womb, and must be relieved through this medium to be safely done. The knife treatment is barbarous.

Orange Blossom also cures leucorrhœa, even in its worst forms, and entirely relieves the difficulty. The **Orange Blossom** will produce no pain when applied, unless there is ulceration; but if there is you will experience a smarting with the first and perhaps second applications, but go right on with it and that will soon pass off. The very fact that you experience smarting, proves that there is ulceration or granulation of the womb, and so the more need of the remedy; for if there were no ulcers you would experience no pain, as this has been proven in hundreds of cases. You could not apply anything to a sore and not have it smart; and ulcers are nothing less than sores on the neck and sometimes on the body of the womb. This treatment will heal the sores in two or three applications, and you will experience no further pain. As soon as you begin to feel a little better, do not stop the treatment, thinking you are well, but use a little common sense in the matter, and remember that if you have been years getting out of order, you cannot expect to be cured in one week; but a continual use will completely cure you.

The Famous Specific, Orange Blossom, is perfectly harmless; can be used by the most delicate at any and all times.

In cases of Profuse Menstruation (flooding) it works like a charm, causing contraction of the blood vessels, so that the flow becomes perfectly natural, and can be safely applied to the patient while the monthly period is in existence.

In cases of Painful Menstruation, caused by congestion and inflammation of the mouth or neck of womb, a few applications will relieve this unnatural condition.

In cases of Pregnancy it may be safely used up to the fifth month, thereby relieving the womb of its general inflamed and congested condition, consequently relieving the patient of more than one-half the suffering at child-birth.

Change of Life. In this case it is a **noble remedy**, relieving the organ of all morbid conditions that have been in existence for years. Its

special action gives health and strength to the whole constitution, producing a healthy re-action of the whole nervous system.

In reflex action of the nerves, produced by this diseased condition of the womb, the following symptoms are more or less prominent in every case, and **Orange Blossom** never fails to relieve them, by its curative action on the womb: Nervous sick headache, backache, irritation of the stomach, spinal irritation, pain between the shoulders, distressing sensation in the back of the head, nape of neck, and numbness and coldness of the extremities.

MONROE, Walton Co., Georgia.

DR. J. A. MCGILL—*Dear Sir:*—It gives me pleasure to recommend your famous specific **Orange Blossom**. I have observed its action very closely in many complicated cases of female weakness and I heartily endorse it as the greatest boon ever offered to suffering women.

Yours very truly, MRS. J. M. TURNER.

LAWRENCE ST., DENVER, Colorado.

DR. MCGILL—*Dear Sir:*—I wish to make this statement for the benefit of suffering women. For years I endured untold agony from inflammation, congestion and fibroid tumor. I had given up in despair when I heard of **Orange Blossom** and I used it with amazing results and a rapid recovery to health.

Yours respectfully, MRS. M. A. SLEIGHT.

305 WILLOW ST., AUSTIN, Texas.

DR. MCGILL—*Dear Sir:*—I take great pleasure in recommending **Orange Blossom** to any lady suffering with any form of female weakness. A free sample box will do her more good than all the medicine she ever took from any physician and I consider it the **crowning effort** of the medical profession.

Yours truly, MRS. M. V. LEONARD.

RAMOTH, Buncombe Co., North Carolina.

DR. J. A. MCGILL—*Dear Sir:*—Allow me a little space wherein to congratulate you upon this the greatest remedy the world ever knew for **female weakness** and to give a word of advice to wives, mothers and daughters, who are suffering the tortures of female weakness, to suffer no longer, but to take your generous offer and secure a sample of **Orange Blossom** and be convinced that it is **more** than represented—a positive cure for female weakness in any form.

ELsie MERWIN.

DR. MCGILL'S ANTI-BILIOUS STOMACH POWDERS AND BLOOD PURIFIER.

These Powders are gaining a world-wide reputation as a cure for Indigestion, Dyspepsia, Gastric Irritation and all forms of Stomach Trouble.

LIVER COMPLAINT, Malaria, Biliary Diseases, Costiveness, Inactive Condition of the Bowels, Fevers, Malarial Fever, Typhoid Fever and Typho Malaria, Blood Poverty or Impurity of the Blood, Blood Poison, Scrofula, Salt Rheum, Rash and Tetter, Headaches, Nervous Sick Headache, Loss of Ambition. INTELLIGENT LADY AGENTS WANTED.

FOR SALE BY

NOTICE:- Allcommunications in reference to the remedies, samples, agencies etc. from Maine, New Hampshire and Vermont, should be addressed to the General Agent, F. L. Record, 268 Main St., Auburn, Maine.

If sent to us they have to be remailed to the agent. Respect'y DR. J. A. McCILL & CO.

The Orange Blossom treatment is simple, harmless and works like a charm, often removing pain with the first application, from which the patient may have suffered for months. Many ladies bear testimony to the truth of this statement, who have been permanently cured by the use of it. The treatment every lady can use herself, not having to undergo the torture of instruments from physicians. Ladies prefer to treat themselves if they only had the proper remedy. Internal remedies will never remove this weakness. There must be remedies applied right to the parts, and then there is permanent relief obtained. A SAFE AND SURE REMEDY FOR OVARIAN TUMORS in their earlier stages. Full directions how to apply on every box. Send \$1.00 for one month's treatment. Sent prepaid to ANY PART OF THE WORLD, on receipt of price. Send 2-cent stamp for sample box.
